

PUBLIC NOTICE

Delaware Department of Agriculture

Notice is hereby given that there are grant funds available to eligible Delaware aquaculture producers that can be utilized to off-set the high cost of feed during the 2008 growing season. Through the 2008 Aquaculture Grant Program (AGP), the USDA Farm Service Agency (FSA) has provided a grant to the Delaware Department of Agriculture (DDA) to assist eligible aquaculture producers that suffered losses associated with high feed input costs during the 2008 calendar year. The Department of Agriculture will not allocate any grant payments to any aquaculture producers within the State unless such producer has submitted an executed 2008 Aquaculture Grant Program Application with the Delaware Department of Agriculture on or before September 4, 2009. Copies of the proposed grant fund applications may be obtained from the Office of the Secretary at the Delaware Department of Agriculture, 2320 S. Dupont Highway, Dover, DE 19901. Applications are also available on the DDA website, www.dda.delaware.gov, under *Hot Topics*. The Delaware Department of Agriculture phone number is 302.698.4500.
